Bloomsbury Publishing PLC, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. Post Sound Design provides a practical introduction to the fascinating craft of editing and replacing dialog, creating Foley and sound effects, editing music, and balancing these elements to a final mix. Based on years of experience and teaching this material to students at Drexel University, award-winning film composer John Avarese offers user-friendly knowledge and stimulating exercises to help compose story, develop characters and create emotion through skillful creation of the sound track. Starting each chapter with a real-life example, the textbook is structured in such a way to create a fundamental understanding of the physics and the biological foundation of hearing, and putting it into practice with suggested movie scenes demonstrating the discussed audio techniques. Post Sound Design engagingly demonstrates the individual areas essential to creating a soundtrack that will enhance any media production.
