Bush ordered the torture of terrorist suspects in the years following the 911 attack; yet, powerful political forces and a legal firewall have protected him and his accomplices from prosecution. It takes the courage and dedication of Special Prosecutor Timothy Madegen to skirt an impotent U.S. Justice system and bring the torturers to trial. Allies join him: A reluctant federal judge holds off establishment forces, a protective Vietnam vet is driven by loyalty to Madegen s dead father, a curmudgeon law professor offers inventive legal tactics, and a pretty political scientist falls in love with him. Suste s activist attempts to stop abusive interrogation tactics inspired this book. Suste turned to writing in his sixties, taking creative writing classes at Southern Oregon University. He s an...
