Brand New Book ***** Print on Demand *****.Leon Verdat thought he knew everything about building underground structures. His contracting business was very profitable and his family was thriving. It only took one visit from a mysterious Man in Black to change his life forever. He was asked to come work for a secret military unit and introduced to black budgets and deep underground military bases (D.U.M.B.s) - the world of the shadow government and the ultra-rich, who live in a parallel society beneath our feet. Now, his life will never be the same again, if he survives. There is more than he bargained for deep underground, including Grey aliens. They have been here for a very long time, tunneling, burrowing, making their plans for a takeover. The hive-like Greys are doing everything they can to kill off the human forces underground who are hunting them, before the Greys can emerge on the surface and take over the Earth for themselves, controlled by their off-planet masters. But the secret military groups the world over are fighting as hard as they can to stop the alien s creeping invasion and Leon is caught up in the war going on under the feet of the unaware masses. How will he reconcile the secret life he is living underground with his family life on the surface? And how will he help stop the Greys? Because if they are not defeated, then nothing else on Earth will matter. Great read rivals Cussler and Riely.Thank you. - reader comment left on author s site.
