Reviews

This publication is indeed gripping and intriguing. It is actually written in basic terms and not difficult to understand. I am just pleased to explain how here is the greatest publication we have read through during my own lifestyle and could be the best pdf for at any time.

Purple Onion Press, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This is volume 3 in a series of epic, post-modern themes by this author. Mr. Verfaillie's earlier works give voice to the angst associated with the self-imposed isolation created in the vacuum of social networking and the growing global economy. This work continues this theme. This book of collected poems titled, L heure Bleue/The Blue Hour, is based upon the term that painters and photographers use to refer to twilight. It is that period of the day when the quality of ambient light creates artwork in the sky, and confirms the beauty of the world. None of us can predict with certainty, that we will see another sunrise. We can say with impunity that the sun will rise tomorrow with or without us. It is about the impermanence and the loneliness of our lives - and our acceptance of it - that the author writes. It is between pillar and post- sunrise and sunset - that we go each day until we are laid to rest. It is a time best spent either at peace with our isolation, or with someone we love beside us.
