Reviews

This book will never be straightforward to start on looking at but extremely exciting to read. I actually have read through and that i am sure that i am going to gonna go through once more again in the future. I am happy to explain how this is the very best book i have read through in my individual lifestyle and may be he best publication for at any time.

HOW TO REBUILD MODIFY CHEVY 348409 ENGINES

Cartech. Paperback. Condition: New. 144 pages. Chevys W-series 348 and later the 409 became legends on the street, and in particular the 409 also became a legend on the track. In the early 1960s, these engines powered a variety of GM vehicles and the Z11 Impalas at the drag strip. While these engines enjoyed a hay day in the early 1960s and pop culture status in the hot rod community, especially with the Beach Boys and their hit song 409, higher horsepower Mark IV Chevy big-block engines overshadowed these W-engines by the late 1960s. But recently, the 348s and 409s have enjoyed a high-performance renaissance and many speed manufacturers are making heads, blocks, and virtually every part for these engines. Veteran magazine writer and author John Carollo provides insightful instruction for rebuilding a stock engine and also how to build a sound performance W-engine as well. The reader is shown how to select a strong clean block, free of core shift and fatal cracks, select the best heads for a particular build, and increase the compression ratio. Selecting a camshaft and a strong connecting rod and piston combination is also an important aspect of the engine build, and all options are examined. Guidance in this book will allow you to select the right cam for a high-performance aftermarket package and a cam that wont over power a stock engines valve train. In addition, building a large displacement stock engine of 427 inches or aftermarket block to go to 509 inches is covered. From mild to wild, from stock to modified, the book covers everything you need to know about the legendary 348-409 engines. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
