## ONLINE GIS AND SPATIAL METADATA (HARDBACK)

Taylor Francis Ltd, United Kingdom, 2001. Hardback. Condition: New. Language: English . Brand New Book. The World Wide Web presents many new, exciting prospects for geographic information systems, but also numerous technical, practical and organizational challenges. Users no longer require specialized and expensive hardware, software and data, and they can access a GIS readily from almost anywhere, using off-the-shelf browser software. An online GIS removes the need to collate all the necessary elements in a single database. Instead it has..
