
Reviews

It in one of the most popular publication. We have read through and that i am sure that i will likely to study again once more later on. I am just delighted to tell you that this is actually the finest publication we have read through in my individual existence and might be he best pdf for actually.
(Mr. Cloyd Schmidt II)
The Centers for Disease Control and Prevention (CDC) define a healthcare-associated infection (HAI) as: [A] localized or systemic condition resulting from an adverse reaction to the presence of an infectious agent(s) or its toxin(s). There must be no evidence that the infection was present or incubating at the time of admission to the acute care setting. The CDC estimates that in 2002 there were 1.7 million HAI and 99,000 HAI-associated deaths in hospitals. The four largest categories of HAI, responsible for more than 80 percent of all reported HAI, are central line-associated bloodstream infections (CLABSI, 14), ventilator associated pneumonia (VAP, 15), surgical site infections (SSI, 22), and catheter-associated urinary tract infections (CAUTI, 32). In a CDC report, national costs of HAI were estimated, based on 2002 infection rates and adjusted to 2007 dollars using the Consumer Price Index for inpatient hospital services. Estimates of the total annual direct medical costs of HAI for U.S. hospitals ranged from $35.7 billion to $45 billion. The prevention and reduction of HAI is a top priority for the U.S. Department of Health and Human Services. A call to action for the elimination of HAI has been issued jointly by the Association for Professionals in Infection Control and Epidemiology, Inc., the Society for Healthcare Epidemiology of America, the Infectious Diseases Society of America, the Association of State and Territorial Health Officials, the Council of State and Territorial Epidemiologists, the Pediatric Infectious Diseases Society, and the CDC. In a consensus statement issued by these groups, a plan for the elimination of HAI includes the promotion of adherence to evidence-based practices through partnering, educating, implementing, and investing. In 2003, the Institute...
