TSO. Paperback. Book Condition: new. BRAND NEW, Counter-Terrorism and Security Bill: Explanatory Notes, Great Britain: Parliament: House of Commons, On 29 August 2014, the independent Joint Terrorism Analysis Centre (JTAC) raised the UK national terrorist threat level from SUBSTANTIAL to SEVERE. Approximately 500 individuals of interest to the police and security services have travelled from the UK to Syria and the region since the start of the conflict. It is estimated half of these have returned. This Bill brings provisions in six main areas. First, it would strengthen powers to place temporary restrictions on travel where a person is suspected of involvement in terrorism. Second, it would enhance existing Terrorism Prevention and Investigation Measures to monitor and control the actions of individuals in the UK who pose a threat. Third, it would enhance law enforcement agencies' ability to investigate terrorism and serious crime by extending the retention of relevant communications data to include data that will help to identify who is responsible for sending a communication on the internet or accessing an internet communications service. Fourth, it would strengthen security arrangements in relation to the border and to aviation, maritime and rail transport. Fifth, it would reduce the risk of people being drawn into terrorism, by enhancing the programmes that combat the underlying ideology which supports terrorism through improved engagement from partner organisations and consistency of delivery. Sixth, it would amend existing terrorism legislation to clarify the law in relation to both insurance payments made in response to terrorist demands and the power to examine goods under the Terrorism Act 2000.
