

The New Complete Guide to Beekeeping

By Roger A. Morse

Countryman Press. Paperback. Condition: New. 208 pages. Dimensions: 8.8in. x 5.7in. x 0.9in. In step with this pastimes great resurgence on city rooftops as well as across rural America, this trusted guide will lead experienced beekeepers into new areas, answer questions, and help refine your skills. Great for beginners, too! Covering the rearing of queens, honey-making methods, honey marketing, the benefit of pollinator rental, and everything else related to beekeeping, The New Complete Guide to Beekeeping explains step-by-step what it takes to establish a thriving hive that produces an amazing end product, and all the simple pleasures of beekeeping along the way. Whether you capture a native colony from a hollow tree (a method only for the brave!), adopt a hive from someone who has too many (a much easier method), or start from scratch by buying a queen and purchasing worker bees by the pound, this is a comprehensive guide to making your endeavor successful and even profitable. Whole chapters are dedicated to: the best plants for honey production; seasonal hive management; pests and predators; pollination; honey bee biology; and finding more information from government and public sources. 50 B and W Photos Throughout This item ships from multiple locations....

Reviews

The best publication i actually study. We have study and that i am certain that i will likely to study once more again later on. Your daily life span will likely be transform the instant you total reading this book.

-- Mrs. Alene Leffler DVM

This ebook can be worthy of a go through, and a lot better than other. Better then never, though i am quite late in start reading this one. Its been printed in an exceedingly easy way which is just soon after i finished reading this book where basically modified me, affect the way i really believe.

-- Seth Fritsch
