This is the finest publication we have read through right up until now. Better then never, though i am quite late in start reading this one. Its been written in an remarkably easy way in fact it is only after i finished reading through this book by which basically altered me, affect the way i think.

She is undercover. She is pretending to be in love. She is ready to protect. In the aftermath of a failed plot against America, Jad Bell and his team are sent after those behind it. But they can only find the middle man, not the mastermind. Something far worse is coming. And at the heart of it all are two women: an American spy and a terrorist operative, both living lies so deep they cannot even trust themselves. The stakes are higher, the clock is ticking, and the enemies are hiding in plain sight.
