

Gem of the Universe: Sex and Sacrament

By Rolf A. F. Witzsche

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 158 pages. Dimensions: 9.0in. x 6.0in. x 0.4in. The story presented here is science fiction of a space journey with freedom to move, to love, to choose, to live. Imagine, traveling in an instant to wherever you want to be! The universe is your playground. Thought becomes expression. This expression also has a sexual dimension. Our universe, is a marvellous place with boundless potentials. But what is greater, the gigantic universe of infinite space, or its most precious gem, the human being. While we may never be able to travel physically, in an instant, to wherever we want to be, we should have this potential mentally where no inherent mass-inertia applies to resist the unfolding in thought of profound scientific ideas, ideas of truth. This yet-to-be discovered potential opens up exciting possibilities, and vistas of our humanity. It is easy to explore the grand dimensions in fiction, especially in comparison with the largely empty space, whereby the human being stands out amazingly tall and precious; a gem with a sparkle that nothing in the raw universe can match in beauty and grandeur. In the story, the metaphor of...

This pdf is wonderful. We have gone through it and so I am certain that I am going to go back to study it again once more in the future. It has been developed in an exceedingly straightforward way which is merely after I finished reading through this pdf, I really transformed me, modified the way I think.
