MATH PHYSICS EQUATIONS

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 128 Publisher: Zhejiang University Press Pub. Date :2008-01. This book is in Zhejiang University Publishing House project of partial differential equations. made on the basis of changes. In 2006. Zhejiang University School of Public basic courses of the Steering Committee based on the public school curriculum has been re-validation. the original Ordinary Differential and partial differential equations. divided into ordinary differential equations and partial differential equations. two courses. they courses are classified as categories. and the teaching hours have been adjusted. This book is based on new teaching arrangements. combined with the author s many years of teaching experience. and reference the project of partial differential equations. the views of teachers and students. on the whole to maintain the original book has the style and characteristics. based on the rearrangement of its contents and rewrite; selection of examples and exercises with speakers have also been adjusted to make it more in line with modern teaching practice. Outstanding writing methods and applications. and strive to write easy to understand. easy to understand outline of the prescribed hours as less professional in the use of different flexibility when selecting the content. we hope that through this change to better adapt to the various grounds of non-mathematics. professional teaching work requirements. Contents: Chapter 1. the export equation and solve the problem given the export equation 1.1 1.2 boundary conditions and solve the problem given second-order linear equations of 1.3 Classification and the superposition principle exercises a wave Act Chapter 2 2.1 one-dimensional wave equation 2.1.1 The initial value problem of free vibration of unbounded string semi-unbounded string 2.1.2 Free Vibration 2.1.3 unbounded string of forced vibration 2.2 2D and 3D...
