

Hybrid DWT-SVD Digital Image Watermarking

By Mudassar, Saira / Jamal, Munazah

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | The ubiquitous nature of digital network systems means large numbers of people can be copied digital contents without any cost. People can easily download images, videos and audio files and share them with other peoples or may also be modify the original contents. So there is an urgent need to provide protection of such digital media. There are many technologies to evaluate such problems like digital signatures. But there is a problem with these solutions because they require more bandwidth. Due to some limitations of previous technologies, a new technique came into being and this technique is called digital watermarking. | Format: Paperback | Language/Sprache: english | 100 pp.

Reviews

Very good e-book and valuable one. It can be written in basic words and phrases and not confusing. You will not really feel monotony at whenever you want of your own time (that's what catalogues are for concerning should you check with me).
