Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Sir Thomas Browne was a 17th century author who wrote on a wide variety of subjects including medicine, religion, science and the esoteric. He is best known for his work entitled *Religio Medici*, or *The Religion of a Doctor*, which is Browne's own spiritual testament and an early example of a psychological self-portrait. Published in 1643, shortly after the author had qualified himself to practice medicine, *Religio Medici* became a best-seller throughout the European continent and because of its unorthodox views was admonished by the Catholic Church by being placed on the *Index Librorum Prohibitorum*, or list of prohibited books. While largely an exposition of Christian faith the work meanders into digressions upon alchemy, hermetic philosophy, astrology, and physiognomy. Also included in this edition is *Hydriotaphia, Urn Burial*, or a Discourse of the Sepulchral Urns lately found in Norfolk and *A Letter to a Friend*. The first work revolves around the discovery of a Roman urn burial in Norfolk which Browne uses to discuss ancient and current burial and funerary customs and extends to a greater inquiry of man's struggles with mortality. The second, which was written in 1656 and published posthumously in 1690, is a medical treatise of case-histories and witty speculations upon the human condition.
