Filesize: 4.33 MB

Reviews

If you need to adding benefit, a must buy book. It can be filled with knowledge and wisdom I am easily will get a pleasure of studying a composed publication.

(Trevor Greenholt DDS)

PROJECT EARTHQUAKE!: AN ECLECTIC EXERCISE IN RESCUE AND RECOVERY (PAPERBACK)

Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This practical book outlines, in tremendous detail, all the parts of an amazing role play activity, integrating subjects from across the curriculum, recommended for Grades 3 through 8. Your students will be as engaged as you want them to be as they reenact the rescue and recovery efforts following an earthquake in your classroom. From the Author: This is one activity they will remember for years to come! I have done this many times in my own fourth grade classroom and experienced resounding success. We have even included up to four separate classrooms in the role play, included students of all levels and interests, and drawn the interest of media and parents. The anecdotal proof of success comes in the desire your students will express to write about the experience.
