Help comes in a most miraculous way. One will not make it. The other is put into a coma. There will be an intense and agonizing recovery. The recovery will have to be made in phases decided by the doctors. They have to be sure the information can be handled and accepted without giving up the fight to survive. As time progresses, God always seems to be there. More miraculous events transpire to get the results He s looking for, in things to come. The one that survives never understands the events that happened that day, until much later. Looking back, God has a reason for everything. We never fully understand our purpose in life, but sometimes it is made known. This is a true story of how miracles do happen, on a daily basis. You just have to listen to God s voice to understand.
