

Sounds Are Not Scary

By Kristin Sims

Tate Publishing Enterprises, United States, 2015. Paperback. Book Condition: New. 254 x 178 mm. Language: English . Brand New Book ***** Print on Demand *****.For a child with sound sensitivity, everyday things can be terrifying. Alarm clocks, fire alarms, and tornado sirens, just to name a few, are startling and may cause a child to freeze in panic or break down in tears. Sound sensitivity is common in many children, and may be more prominent in children with ADHD, Autism, Asperger s Syndrome, Cerebral Palsy, Bell s Palsy, or even chronic ear infections. Helping a child to understand what makes these noises and why they are useful might be a healthy step in overcoming these fears.
